

# Future Me: Titan's Race

## *We Are The Solution*

- *Ages 13 – 17*
- *Date: 15 – 19/7/2019*

## Introduction

Titans. The ancient Greek believed they were the primary deities, sons and daughters of Gaia, mother Earth, and Uranus, father Sky. Powerful by their own, they were faced with the challenge of creating everything that exists, including humanity. They ruled during the Golden Age, in which peace, harmony, stability, and prosperity reigned, until an unseen situation dared them. During human history, societies around the world have raised and disappeared. Empires and civilizations, all of them learning late that the most important thing to continue flourishing, is that we need to evolve to meet these new challenges. It is now our opportunity to change our fate, to face the reality, and create solutions for what life is presenting us. We are the ones who have the responsibility to develop ideas and turn them into realities.

This Summer, the Twelve Titans and the Olympian Gods are finding the brightest students to continue the tradition of advancing our world but doing so in a way that will not cause harm to the places and people we love. In Future Me: Titan's Race, students will work as a team and use their creativity to participate in a nationwide competition to tackle global challenges. Their mission is to develop strategies, plan a budget, market, and grow logical ideas which will help the world advance in a sustainable way, while engaging in games and activities to become a member of the Immortals.

You are called to become a Titan. Do you have what it takes to answer?

## Objectives

Our talented Camp Director and the dedicated camp counselors will be there to help students:

1. Use creativity as the fuel for solving problems.
2. Understand global issues facing the world and the impact they have
3. Learn how entrepreneurs develop ideas and see projects through till the end
4. Develop business skills and ethics
5. Grow as leaders and understanding their strengths within a team

6. Improve research and focusing abilities
7. Create long lasting bonds with their peers.
8. Enforce the values of honesty, dignity, integrity, and a problem solver.
9. Gain compassion and empathy for all living things
10. Understand the importance of learning from different cultures.

## Knowledge and Skills

**At Future Me: Titan's Race** we will help students work on the following skills and knowledge:

1. Understand the in-depth process of starting a business including; production, finance, economics, marketing, and sales
2. Discover their inner strengths within a team and passions
3. Creativity and use of imagination
4. Project-based learning
5. Global awareness and empathy
6. Problem solving and teamwork
7. Critical thinking and planning
8. Leadership
9. Public speaking in English

Following our tradition and commitment to education, all the activities are designed to enhance the students' motivation to understand themselves, grow as honorable persons to become great professionals, understand the power of making an effort to enhance their own talents, and learn how to socialize with their peers, all of it surrounded by a friendly atmosphere where they can express for themselves.

## Learning Activities

Each camper will have the opportunity to learn about solving world issues, developing business plans, theatrics, creation of crafts, the importance of self-discovery, and using their imagination as they enter a post-apocalyptic world. These subjects will be taught through various engaging activities which take into account all types of learning styles and camper interests and abilities.

*The program includes 4 days of different topics and activities. All teams need to participate to make sure they will not miss any opportunity within the adventure. Following is the schedule of 4 days camp:*
